

LHX2 Antibody

Catalog_no: AB0695

Applications: IHC-P, FC, WB

Reactivity: H

Category: 抗原抗体

Size: $100\mu L/50\mu L$

Immunogen: HUMAN

Specificity: This LHX2 monoclonal antibody is generated from mouse immunized with LHX2

recombinant protein.

Dilution: WB,1:100~250;

Purification: Purified monoclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This

antibody is prepared by Euglobin precipitation followed by dialysis against PBS.

Other_name: LIM/homeobox protein Lhx2, Homeobox protein LH-2, LIM homeobox protein 2, LHX2,

LH2

Isotype: IgM,k

Background: This gene encodes a protein belonging to a large protein family, members of which carry

the LIM domain, a unique cysteine-rich zinc-binding domain. The encoded protein may

function as a transcriptional regulator. The protein can recapitulate or rescue phenotypes in Drosophila caused by a related protein, suggesting conservation of

function during evolution. [provided by RefSeq].
