

## PPP6C Antibody (C-term)

|                |  |
|----------------|--|
| Catalog_no :   | AB1369   |
| Applications : | WB   |
| Reactivity :   | H  |
| Category :     | 抗原抗体   |
| Size :         | 100μL/50μL   |
| Immunogen :    | HUMAN:264-293  |
| Specificity :  | This PPP6C antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 264-293 amino acids from the C-terminal region of human PPP6C.   |
| Dilution :     | WB,1:1000;WB,1:1000;   |
| Purification : | Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.   |
| Other_name :   | Serine/threonine-protein phosphatase 6 catalytic subunit, PP6C, Serine/threonine-protein phosphatase 6 catalytic subunit, N-terminally processed, PPP6C, PPP6  |
| Isotype :      | Rabbit Ig  |
| Background :   | This gene encodes the catalytic subunit of protein phosphatase, a component of a signaling pathway regulating cell cycle progression. Splice variants encoding different protein isoforms exist. The pseudogene of this gene is located on chromosome X.   |
