

CTEN Antibody (N-term)

Catalog_no :	AB1795
Applications :	WB
Reactivity :	H
Category :	抗原抗体
Size :	100μL/50μL
Immunogen :	HUMAN:132-159
Specificity :	This CTEN antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 132-159 amino acids from the N-terminal region of human CTEN.
Dilution :	WB,1:1000;
Purification :	Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.
Other_name :	Tensin-4, C-terminal tensin-like protein, TNS4, CTEN
Isotype :	Rabbit Ig
Background :	TNS4 may be involved in cell migration, cartilage development and in linking signal transduction pathways to the cytoskeleton (By similarity). May promote apoptosis, via its cleavage by caspase-3.
