

Phospho-rat TSC1(Y297) Antibody

Catalog_no :	AB2200
Reactivity :	Rat
Category :	抗原抗体
Size :	100 μ L/50 μ L
Immunogen :	RAT
Specificity :	This rat TSC1 Antibody is generated from rabbits immunized with a KLH conjugated synthetic phosphopeptide corresponding to amino acid residues surrounding Y297 of rat TSC1.
Dilution :	DB,1:500;
Purification :	Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by two-step phosphospecific peptide affinity purification.
Other_name :	Hamartin, Tuberous sclerosis 1 protein homolog, Tsc1
Isotype :	Rabbit Ig
Background :	In complex with TSC2, inhibits the nutrient-mediated or growth factor-stimulated phosphorylation of S6K1 and EIF4EBP1 by negatively regulating mTORC1 signaling (By similarity). Implicated as a tumor suppressor. Involved in microtubule-mediated protein transport, but this seems to be due to unregulated mTOR signaling (By similarity).
