

## TRHDE Antibody (C-term)

Catalog_no :	AB2320
Reactivity :	H
Category :	抗原抗体
Size :	100 $\mu$ L/50 $\mu$ L
Immunogen :	HUMAN:951-980
Specificity :	This TRHDE antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 951-980 amino acids from the C-terminal region of human TRHDE.
Dilution :	WB,1:1000;FC,1:10~50;
Purification :	Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.
Other_name :	Thyrotropin-releasing hormone-degrading ectoenzyme, TRH-DE, TRH-degrading ectoenzyme, Pyroglutamyl-peptidase II, PAP-II, TRH-specific aminopeptidase, Thyroliberinase, TRHDE
Isotype :	Rabbit Ig
Background :	This gene encodes a member of the peptidase M1 family. TRHDE is an extracellular peptidase that specifically cleaves and inactivates the neuropeptide thyrotropin-releasing hormone.
