

SPRR1A Antibody (C-term)

Catalog_no :	AB2703
Reactivity :	H
Category :	抗原抗体
Size :	100μL/50μL
Immunogen :	HUMAN:61-89
Specificity :	This SPRR1A antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 61-89 amino acids from the C-terminal region of human SPRR1A.
Dilution :	WB,1:1000;
Purification :	Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.
Other_name :	Cornifin-A, 19 kDa pancornulin, SPRK, Small proline-rich protein IA, SPR-IA, SPRR1A
Isotype :	Rabbit Ig
Background :	Cross-linked envelope protein of keratinocytes. It is a keratinocyte protein that first appears in the cell cytosol, but ultimately becomes cross-linked to membrane proteins by transglutaminase. All that results in the formation of an insoluble envelope beneath the plasma membrane.
