

R Cebpd Antibody (Center)

| | |
|----------------|---|
| Catalog_no : | AB2845 |
| Reactivity : | H, M, Rat |
| Category : | 抗原抗体 |
| Size : | 100μL/50μL |
| Immunogen : | Rat:161-189 |
| Specificity : | This Rat Cebpd antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 161-189 amino acids from the Central region of rat Cebpd. |
| Dilution : | WB,1:1000; |
| Purification : | Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification. |
| Other_name : | CCAAT/enhancer-binding protein delta, C/EBP delta, Transcription factor CELF, Cebpd, Celf |
| Isotype : | Rabbit Ig |
| Background : | C/EBP is a DNA-binding protein that recognizes two different motifs: the CCAAT homology common to many promoters and the enhanced core homology common to many enhancers. Important transcriptional activator in the regulation of genes involved in immune and inflammatory responses, may play an important role in the regulation of the several genes associated with activation and/or differentiation of macrophages (By similarity). |
