

TPM3 Antibody (C-Term)

Catalog_no :	AB3570
Reactivity :	H
Category :	抗原抗体
Size :	100μL/50μL
Immunogen :	HUMAN
Specificity :	This TPM3 antibody is generated from a rabbit immunized with a KLH conjugated synthetic peptide between 245-276 amino acids from the human region of human TPM3.
Dilution :	WB,1:2000;
Other_name :	Tropomyosin alpha-3 chain, Gamma-tropomyosin, Tropomyosin-3, Tropomyosin-5, hTM5, TPM3
Isotype :	Rabbit Ig
Background :	Binds to actin filaments in muscle and non-muscle cells. Plays a central role, in association with the troponin complex, in the calcium dependent regulation of vertebrate striated muscle contraction. Smooth muscle contraction is regulated by interaction with caldesmon. In non-muscle cells is implicated in stabilizing cytoskeleton actin filaments.
