

CPI203 (CPI-203)

Catalog_no :	ADMC0207
Category :	抑制剂与激动剂
Size :	10mg/50mg/100mg
Specificity :	Target: Epigenetic Reader Domain. Fields: CPI203 is a novel potent, selective and cell permeable inhibitor of the bromodomain and extra terminal (BET) family protein BRD4 with an IC50 of ~37 nM (BRD4 α -screen assay).
Dilution :	IC50: 37 nM (BRD4)
Purification :	HPLC Purity>99%, ee purity>99%
Concentration :	靶点 : Epigenetic Reader Domain;IC50 : 37 nM (BRD4)
Storage_stability :	2 years -20°C Powder, 2 weeks 4°C in DMSO, 6 months -80°C in DMSO
Other_name :	CPI 203
Molecular Weight :	399.9
Notes :	CPI203 is a novel potent, selective and cell permeable inhibitor of the bromodomain and extra terminal (BET) family protein BRD4 with an IC50 of ~37 nM (BRD4 α -screen assay).
