

## EphA6 Polyclonal Antibody

|                     |                                                                                                                                |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Catalog_no :        | AT1580                                                                                                                         |
| Applications :      | IHC-p,IF,ELISA                                                                                                                 |
| Reactivity :        | Human,Mouse,Rat                                                                                                                |
| Category :          | 抗原抗体                                                                                                                           |
| Size :              | 100µg/50µg/20µg                                                                                                                |
| Gene_name :         | EPHA6                                                                                                                          |
| Protein_name :      | Ephrin type-A receptor 6                                                                                                       |

| Ratswissprot_no :   | <a href="#">P54758</a>                                                                                                         |
| Immunogen :         | The antiserum was produced against synthesized peptide derived from human EPHA6. AA range:891-940                              |
| Specificity :       | EphA6 Polyclonal Antibody detects endogenous levels of EphA6 protein.                                                          |
| Formulation :       | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                        |
| Source :            | Rabbit                                                                                                                         |
| Dilution :          | Immunohistochemistry: 1/100 - 1/300. Immunofluorescence: 1/200 - 1/1000. ELISA: 1/20000. Not yet tested in other applications. |
| Purification :      | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.          |
| Concentration :     | 1 mg/ml                                                                                                                        |
| Storage_stability : | -20°C/1 year                                                                                                                   |
| Msds :              | <a href="#">MSDS_Antibody.pdf</a>                                                                                              |
| Other_name :        | EPHA6; EHK2; HEK12; Ephrin type-A receptor 6; EPH homology kinase 2; EHK-2; EPH-like kinase 12; EK12                           |
