

## GPR52 Polyclonal Antibody

|                     |                                                                                                                       |
|---------------------|-----------------------------------------------------------------------------------------------------------------------|
| Catalog_no :        | AT2025                                                                                                                |
| Applications :      | WB,ELISA                                                                                                              |
| Reactivity :        | Human                                                                                                                 |
| Category :          | 抗原抗体                                                                                                                  |
| Size :              | 100µg/50µg/20µg                                                                                                       |
| Gene_name :         | GPR52                                                                                                                 |
| Protein_name :      | Probable G-protein coupled receptor 52                                                                                |
| Humangene_id :      | <a href="#">9293</a>                                                                                                  |
| Humanswissprot_no : | <a href="#">Q9Y2T5</a>                                                                                                |
| Immunogen :         | The antiserum was produced against synthesized peptide derived from human GPR52. AA range:311-360                     |
| Specificity :       | GPR52 Polyclonal Antibody detects endogenous levels of GPR52 protein.                                                 |
| Formulation :       | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                               |
| Source :            | Rabbit                                                                                                                |
| Dilution :          | Western Blot: 1/500 - 1/2000. ELISA: 1/10000. Not yet tested in other applications.                                   |
| Purification :      | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |
| Concentration :     | 1 mg/ml                                                                                                               |
| Storage_stability : | -20°C/1 year                                                                                                          |
| Msds :              | <a href="#">MSDS_Antibody.pdf</a>                                                                                     |
| Other_name :        | GPR52; Probable G-protein coupled receptor 52                                                                         |
| Molecular Weight :  | 41KD                                                                                                                  |
