

N (SARS-CoV) (Beijing 02)

Catalog_no :	AD-VP0662
Applications :	WB standard , Ab ELISA , immunogen , etc.
Category :	冠状病毒产品
Size :	100µg
Formulation :	Each vial contains 100 ug purified protein(1mg/ml) in PBS(pH7.4).
Source :	E.coli
classification_1 :	Microbiology
classification_2 :	Coronaviridae
classification_3 :	Coronaviridae
classification_4 :	Antigen
property :	Purified recombinant protein
genbankno :	AY278487
purity :	>95%
storage :	Store at -80°C , Avoid freeze / thaw cycle.
limitation :	For research use only , not for use in diagnostic procedures.
description :	N (SARS-CoV) (Beijing 02)
type :	Protein
